BEAU BRUMMEL OF THE CHINESE IS DOING TIME

"PEEPING TOM" DRAWS FORTY-FIVE DAYS' SENTENCE IN COUNTY JAIL

Ong Lim, the Chinaman who was arrested Friday night for prowling around the residences in the vicinity of the Miners Union hospital, appeared in the justice court this morning to answer to a charge of vagrancy. Lim was caught by Emory and Ben Marty and turned over to Night Officer Dan Corbett, who placed him in the cooler. Later he was released on bonds which were furnished by his brethren of the noodle joint.

He was ordered to appear at 11 o'clock this morning, but evidently forgot the time and showed up 45 minutes late. Naturally Judge Atkinson sentenced him to 45 days in the county jail and stated that it was a good thing that he was not an hour late—60 days—joke.

Mr. Lim has long posed as the Beau Brummel of the chink district and on more than one occasion has followed young girls home from school. He had been warned to modify his habits, but paid no attention to the good advice. He will come in real handy at the courthouse assisting in sawing the winners' supply of wood.

CIRCUS ATTACHES IN RIOT CAUSING DEATH OF THREE

AUGUSTA, Ga., Oct. 3.—In a riot on the Hagenback & Wallace circus train en route from Columbia to Augusta this morning three men are known to have been killed and it is believed a fourth is dead.

Thirty-three members of the circus crew were arrested here.

Paul A. Williams of Athens, a billing clerk of the Southern railway at Columbia, was shot to death and his body mutilated. A negro canvas man and a scullion of the circus are dead.

Saturday night the work force of the circus was paid off in Columbia and the entire crew is said to have been gambling on the train.

SENATOR AND EDITOR MIX IT WITH FISTS

RALEIGH, N. C., Oct. 3.—Senator W. B. Jones and Editor J. Daniel, national committeeman, engaged in an altercation here, resulting in a

bruised face for Daniel and a scarred lip for Jones. It is said the difficulty grew out of the publication in Daniels' paper, the News and Observer, of items alleged to reflect on Senator Jones and his father, Colonel Armsted Jones. Factional politics is said to have been another cause.

SWAMPING OF BARGE DROWNS TWENTY-NINE

NEW YORK, Oct. 23.—There was given out tonight a list of twenty-nine men who were supposed to have perished by the swamping of a barge which was being towed to the vessel at anchor in the Hudson river last night. Appended to this list are the names of eleven men who are still absent, but who were not recognized as having been in the swamped boat.

GIRL WHO ATTEMPTED SUICIDE IS RELEASED

NEW YORK, Oct. 3.—Vera Fitch, the young California author, who last August made an attempt to commit suicide in an uptown hotel parlor, was arraigned in court yesterday and discharged. She had been in the hospital since she shot herself.

Mr. and Mrs. Orient Warner arrived today from Reese River on a visit to relatives.

POSTAL SAVINGS MAY BUILD THE PANAMA CANAL

WASHINGTON, Oct. 3.—If the postal savings banks prove in any way to be the success which President Taft and Secretary MacVeagh expect, no more Panama canal bonds are likely to be issued, and the big ditch will be dug with money loaned to the government by the depositors of postal banks.

After conferences with the president, Secretary MacVeagh has decided that the treasury will take advantage of the portion of the postal bank law which allows the issue of postal bonds for replenishing the treasury. Under the law 65 per cent of all the postal savings banks deposits may be invested by the president in bonds or other securities of the United States, "when in his judgment it is for the welfare and interests of the United States."

Tonopah has boasted of rousing political meetings in the past, but the rally that is scheduled for tonight at the Miners' Exchange hall, will have all past performances backed into the shade. This fact seems to have been realized by the voters of this city for men of different party affiliations have announced that they would be in attendance.

This will be the first time that the Tonopah voters will have an opportunity to hear Senator George S. Nixon, and reports received from the north where the senator addressed several gatherings, state that he is presenting a forcible argument to the people. Senator Nixon is not a polished orator, nor does he claim to be. He speaks straight from the shoulder and his arguments are always brief and to the point and always convincing.

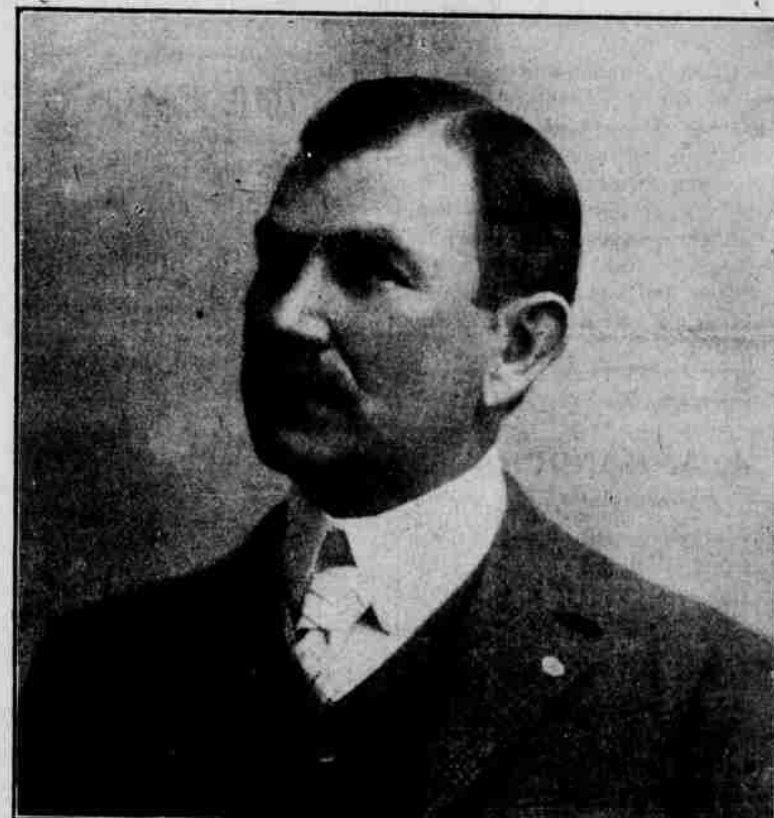

Southern Nevada's favorite son, Senator T. L. Oddie, will also be on hand and his reception by his home folk will be one to always be remembered. He was afforded a demonstrative welcome on his return from the primary campaign, but it remains for the greeting tonight to

assure the gubernatorial candidate that every man, woman and child in Nye county, is his friend. And Nye will do it. We can picture in our minds that result, when the chairman tonight, announces that T. L. Oddie will be the next speaker. Pandemonium—whatever that happens to be—will surely break loose.

The party, which is composed of Senator George S. Nixon, T. L. Oddie, E. E. Roberts, Con Ahern, J. A. Buchanan, J. W. Legate and W. W. Booth, have been traveling aboard three automobiles. The start was made Friday from Reno and all the towns en route to Tonopah, have been visited. Rousing receptions have been tendered the candidates all along the line and the pledges of support received by both Nixon and Oddie assure their election.

At tonight's gathering Hon Hugh H. Brown will call the meeting to order at 8 o'clock sharp and officiate as chairman throughout.

The evening will be enlivened by the Tonopah military band, which has been engaged for the occasion, and with the streets ablaze with red fire the town should turn out and welcome the visiting candidates.

W. W. BOOTH, REPUBLICAN NOMINEE FOR SUPERINTENDENT OF STATE PRINTING

FIVE BODIES ARE RECOVERED FROM RUINS OF TIMES BUILDING

LOS ANGELES, Oct. 3.—Three hundred shovels and as many pairs of hands, digging unceasingly for thirty hours into the debris of the wrecked Times building, has resulted in the recovery of five of the nineteen bodies buried under the ruins.

The shovel brigade is still at work burrowing after more victims, aided by a huge railway crane and derrick which is lifting out of the mass the curved and twisted remains of heavy steel structural work and the ruined linotypes that fell down through flaming floors upon their fire-trapped operators.

In the meantime the police are guarding the homes of General Harrison Gray Otis, proprietor of the Times, and General Manager Harry Chandler. Guards also are watching over the plants of several industrial concerns which recently have been involved in strikes.

But three arrests have been made since the explosion Saturday morning. None since last night when an alleged anarchist, Martin Eagan, was taken into custody. In the hope of securing outside aid in the quest for the perpetrators of the outrage, or

the participants in the supposed conspiracy, Mayor Alexander increased the city's offer of reward today to \$10,000.

This, together with the offers of local newspapers and labor organizations, the leaders of the latter having announced a determination to assist in the search for the criminals, raises the total amount of proffered rewards to \$18,000.

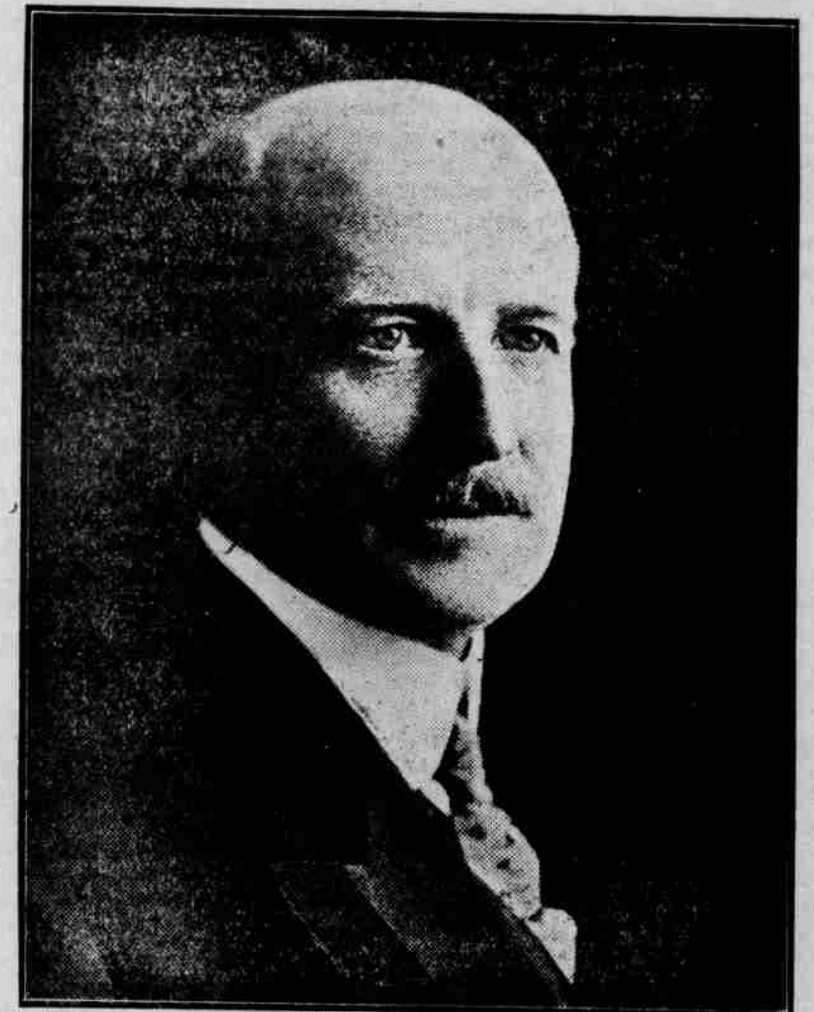

The city's offer is intended for anyone having knowledge of a dynamite conspiracy to divulge the secret. There are no conditions.

The \$10,000 is offered as a payment for information leading to the detection of the perpetrators of the crime. The mayor's statement is as follows:

"A reward of \$10,000 is hereby offered to any person or persons, furnishing information which will lead to the arrest and conviction of any person or persons who intentionally caused the destruction of the building of the Los Angeles Times on the morning of October 1, 1910.

(Signed) "GEO. ALEXANDER, Mayor."

The body of J. Wesley Reeves,

GEO. S. NIXON, REPUBLICAN NOMINEE FOR U. S. SENATOR

secretary to Harry Chandler, is the only identified one so far recovered. Identity in his case was established more by the place in which it was found and its surroundings than by any indications or evidence upon the body itself. It was burned into fragments, and so were the other four bodies recovered.

The first was found shortly after 5 o'clock this morning and between that time and 7:30 o'clock three more were recovered, all burned beyond any human semblance.

One of the bodies is supposed to be that of Howard Cordaway, a young member of the editorial department, who was caught with several of the other victims in the staircase when the great wall of flame entrapped Chandler's secretary.

Reaves' body was found lying beside the warped frame of a typewriter and the remains of his chief's desk, down in the cellar, under what once had been the general manager's office.

Mrs. Churchill Harry Elder, wife of the night editor, who died of his burns and injuries yesterday, arrived here from San Francisco and shortly afterward collapsed from the strain under which she has labored since learning of the catastrophe which brought death to her husband. She is in a hospital tonight in a serious condition.

DR COOK IS FOUND AGAIN IN LONDON

NEW YORK, Oct. 3.—Dr. Frederick A. Cook has been found in London and the World prints an extended interview attributed to him obtained at the British capital. He is reported as saying that he will yet prove that he discovered the North Pole and hopes to return to New York shortly.

In London, according to the interview, he occupied a seat in Alberta hall last spring, and heard Commander Peary lecture before the Royal Geographical society.

"I stood twenty yards from Peary at the time," says the interview, "and none recognized me."

The doctor has made his headquarters in the English capital since last May, taking occasional jaunts to the continent. Most of the time he has had his wife for companion. His children are in European school.

WINGFIELD HAS SECURED OPTION AT CEDAR CORRALS

PAYS VISIT TO NEW CAMP 17 MILES EAST OF TONOPAH THIS MORNING

George Wingfield and one of his corps of mining engineers, left Tonopah this morning and visited the scene of the new strike at Cedar Corral, 15 miles east of here. Several days ago one of his experts made a thorough examination of the property and it was on the strength of the report that Wingfield decided to make a personal inspection. He was met at the camp by J. J. Clark and Ed Johnson, the owners of the property, and spent several hours in examining the showings. He returned to town shortly after noon, accompanied by both Clark and Johnson.

Mr. Wingfield stated this afternoon that he had secured an option on the property but would not divulge the amount required for the option. He stated that at the present time he did not desire to give out any information with regard to the transaction, but would shortly have a statement for publication.

It is known that the owners of the ground valued the claims at \$100,000, but owing to the limited amount of work done it is not believed that the option carries an agreement for a purchase price of this sum.

CARMAN ACCUSED OF USING DYNAMITE

COLUMBUS, O., Oct. 3.—James N. Orr, a member of the Carman's union, was indicted yesterday for placing dynamite on car tracks in Bexley, a suburb, two weeks ago. One of those going on his bonds of \$5000 was Business Agent Charles Miller of the union.
